FEATURES & BENEFITS

Can be used to install a downlight where the ceiling cut out is too large, or to conceal ceiling damage caused by the removal of an old downlight.

Compatible with the H2 Lite range, H2 Pro range and H4 pro range

A more discreet solution compared to the DL CONVERT 70, with a smaller diameter of 110mm

Can be used with the original spring clips of the downlight

Superior colour matching for improved finish between the bezel and converter plate

Ø110mm
