

# Air Curtain

The Air Curtain unit is designed for easy installation and can be wall or ceiling mounted. Featuring three air settings: fan only, warm air (1500W) or hot air (3000W), it also includes a mounting bracket so angle can be adjusted.

The unit is ideal for providing a heated air curtain if mounted over doorways and reduces draughts and the discomfort of cold air when doors are opened.

- Fan only / 1500W / 3000W
- Wall or ceiling mounted
- Overheat protection
- Metal case
- Mounting bracket included
- 1 Year Warranty
