

## Technical Specification

Product Code: GM2600BK

Description: 300W Time Delay Switch Module

### General Information

Dimensions	24.5mm (W) x 50mm (H) x 25mm (D)
Aperture Dimensions	20mm (W) x 35mm (H)
Module Finish	Black
Materials	Front Cover & Base: Nylon Electronics: PCB & Electronic Components Terminals: Brass Terminal Screws: Steel & Yellow Passivated
Maximum Voltage	230V~ 50Hz
Load Rating	300W
Termination Type	Screw
Terminal Capacity	2 x 1.5mm <sup>2</sup>
Back Box Depth	Dependent on Plate Used
Operational Temperature	-5°C to +40°C
Warranty	10 Years (1 Year Electronics)
<b>Standards</b>	BS 5733: 2010

### Additional Information

Ensure that the mains supply is isolated before commencing installation and refer to the circuit diagram with the relevant product.  
Bare earth cables must always be covered with appropriate sleeving and wired to the earth terminal.  
Option to select 10 minute or 30 minute timer
