IP Rating	IP20
Operational Temperature	-5° to +40°C
Standards	BS 5733:1995 (where applicable) Modified ISO 22196

Additional Information

Ensure that the mains supply is isolated before commencing installation.

Bare earth cables must always be covered with appropriate sleeving and wired to the earth terminal.

All white moulded accessories are manufactured using Urea Formaldehyde, which has similar inherent properties to antimicrobial additives that inhibit the growth of infectious diseases. All products were independently tested and achieved a 99.9% kill rate across all four types of the strains of bacteria - MRSA, E-Coli, Salmonella, and Klebsiella Pneumoniae.

DECLARATION OF CONFORMITY
